

We Live Our Core Values by Being ...

Ethical

We will:

- Be honest and maintain the highest ethical standards.
- Make only agreements we are willing, able and intend to keep.
- Communicate any potential broken agreement at the first appropriate opportunity to all parties concerned.
- Ask clarifying questions if we disagree or do not understand.
- Never say anything about anyone that you would not say directly to him or her.
- Do the right thing.

Team Oriented

We are respectful and interact professionally with co-workers, customers, and business partners.

This means:

- Treating others as we would like to be treated.
- Listening with the intent to understand what is being said and acknowledging that what is said is important to the speaker.

Customer Focused

We will maintain an almost fanatical approach to customer service. When making any decision, we will ask ourselves, "Is this the right thing for the customer?"

Caring

We will strive to provide a work environment that is rewarding to all and allows the flexibility needed for everyone to have balance between their personal and professional lives.

Hard Working

We are passionate about our work so our internal and external customers are served well.

NIS Corporate Commitment to Charity

NIS will strive to support our community through its actions, talents, and resources with a focus on providing opportunity for our employees to participate.
